# Introduction

This document is the State of Alaska's proposed grant application and plan for the fiscal year (FY) 2009 Low Income Home Energy Assistance Program (LIHEAP). The plan covers the period of October 1, 2008 through September 30, 2009.

The purpose of the LIHEAP program is to provide assistance to low income households to offset the high cost of home heating. The State's LIHEAP block grant is administered by the Department of Health and Social Services (DHSS), Division of Public Assistance, and is known as the Heating Assistance Program (HAP).

This plan addresses the procedures used by the DHSS Heating Assistance Program. The LIHEAP funded heating assistance programs operated by tribal organizations are independent, and not subject to the provisions of this plan.

LIHEAP grantees must submit a detailed plan once every three years. In the remaining two years, grantees may submit their plan in an abbreviated format. This State of Alaska LIHEAP plan is submitted in the detailed format.

This FY 2009 detailed plan describes the changes from the FY 2008 plan. For more information contact the Heating Assistance Program, 400 Willoughby Avenue, Suite 301, Juneau, Alaska 99801-1700; voice/TDD (907) 465-3099; In Juneau Fax (907) 465-3319, In all other areas Fax toll free 1-888-282-3319; or email: [liheap@alaska.gov](mailto:liheap@alaska.gov).

The descriptions of this year's changes are followed by the certification by the Commissioner of the Department of Health and Social Services, William H. Hogan, to the assurances required under the current LIHEAP statute. A copy of the Governor's delegation of LIHEAP signatory authority to the Commissioner is included with this application.

## State of Alaska

Changes made in 2009.

<u>Page</u>	<u>Subject</u>	<u>Modification</u>
Cover	Commissioner's Name	Changed to William H. Hogan
i.	Contact Phone Number	Changed from 465-3058 to 465-3099
1	Crisis Assistance	Increased to 13% based upon data from the past four seasons.
1	Heating Assistance	Reduced to compensate for the Crisis Assistance number increasing
5	Weatherization	Average Costs increased for urban and rural communities
18	Outreach	Applications were also pre-mailed to recipients of Adult Public Assistance and Senior Benefits
18	Outreach	Advertising in Senior Voice is now scheduled for October, November, January and March
23	Coordinator	New program coordinator's name and number
31	Appendix B	Updated Income Guidelines

## State of Alaska

**\*Assurances**

The State of Alaska agrees to:

- (1) use the funds available under this title to--
  - (A) conduct outreach activities and provide assistance to low income households in meeting their home energy costs, particularly those with the lowest incomes that pay a high proportion of household income for home energy, consistent with paragraph (5);
  - (B) intervene in energy crisis situations;
  - (C) provide low-cost residential weatherization and other cost-effective energy-related home repair; and
  - (D) plan, develop, and administer the State's program under this title including leveraging programs,

and the State agrees not to use such funds for any purposes other than those specified in this title;

- (2) make payments under this title only with respect to--
  - (A) households in which one or more individuals are receiving--
    - (i) assistance under the State program funded under part A of title IV of the Social Security Act;
    - (ii) supplemental security income payments under title XVI of the Social Security Act;
    - (iii) food stamps under the Food Stamp Act of 1977; or
    - (iv) payments under section 415, 521, 541, or 542 of title 38, United States Code, or under section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978; or
  - (B) households with incomes which do not exceed the greater of--
    - (i) an amount equal to 150 percent of the poverty level for such State; or
    - (ii) an amount equal to 60 percent of the State median income; except that a State may not exclude a household from eligibility in a fiscal year solely on the basis of household income if such income is less than 110 percent of the poverty level for such State, but the State may give priority to those households with the highest home energy costs or needs in relation to household income.

## State of Alaska

- (3) conduct outreach activities designed to assure that eligible households, especially households with elderly individuals or disabled individuals, or both, and households with high home energy burdens, are made aware of the assistance available under this title, and any similar energy-related assistance available under subtitle B of title VI (relating to community services block grant program) or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;
- (4) coordinate its activities under this title with similar and related programs administered by the Federal Government and such State, particularly low-income energy-related programs under subtitle B of title VI (relating to community services block grant program), under the supplemental security income program, under part A of title IV of the Social Security Act, under title XX of the Social Security Act, under the low-income weatherization assistance program under title IV of the Energy Conservation and Production Act, or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;
- (5) provide, in a timely manner, that the highest level of assistance will be furnished to those households which have the lowest incomes and the highest energy costs or needs in relation to income, taking into account family size, except that the State may not differentiate in implementing this section between the households described in clauses 2(A) and 2(B) of this subsection;
- (6) to the extent it is necessary to designate local administrative agencies in order to carry out the purposes of this title, to give special consideration, in the designation of such agencies, to any local public or private nonprofit agency which was receiving Federal funds under any low-income energy assistance program or weatherization program under the Economic Opportunity Act of 1964 or any other provision of law on the day before the date of the enactment of this Act, except that--
  - (A) the State shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the State; and
  - (B) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the State shall give special consideration in the designation of local administrative agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds for the fiscal year preceding the fiscal year for which the determination is made;
- (7) if the State chooses to pay home energy suppliers directly, establish procedures to --
  - (A) notify each participating household of the amount of assistance paid on its behalf;

## State of Alaska

- (B) assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment made by the State under this title;
  - (C) assure that the home energy supplier will provide assurances that any agreement entered into with a home energy supplier under this paragraph will contain provisions to assure that no household receiving assistance under this title will be treated adversely because of such assistance under applicable provisions of State law or public regulatory requirements; and
  - (D) ensure that the provision of vendored payments remains at the option of the State in consultation with local grantees and may be contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households, including providing for agreements between suppliers and individuals eligible for benefits under this Act that seek to reduce home energy costs, minimize the risks of home energy crisis, and encourage regular payments by individuals receiving financial assistance for home energy costs;
- (8) provide assurances that,
- (A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and
  - (B) the State will treat owners and renters equitably under the program assisted under this title;
- (9) provide that--
- (A) the State may use for planning and administering the use of funds under this title an amount not to exceed 10 percent of the funds payable to such State under this title for a fiscal year and not transferred pursuant to section 2604(f) for use under another block grant; and
  - (B) the State will pay from non-Federal sources the remaining costs of planning and administering the program assisted under this title and will not use Federal funds for such remaining cost (except for the costs of the activities described in paragraph (16));
- (10) provide that such fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursement of and accounting for Federal funds paid to the State under this title, including procedures for monitoring the assistance provided under this title, and provide that the State will comply with the provisions of chapter 75 of title 31, United States Code (commonly known as the "Single Audit Act");
- (11) permit and cooperate with Federal investigations undertaken in accordance with section 2608;

## State of Alaska

- (12) provide for timely and meaningful public participation in the development of the plan described in subsection (c);
- (13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness; and
- (14) cooperate with the Secretary with respect to data collecting and reporting under section 2610.
- (15) beginning in fiscal year 1992, provide, in addition to such services as may be offered by State Departments of Public Welfare at the local level, outreach and intake functions for crisis situations and heating and cooling assistance that is administered by additional State and local governmental entities or community-based organizations (such as community action agencies, area agencies on aging and not-for-profit neighborhood-based organizations), and in States where such organizations do not administer functions as of September 30, 1991, preference in awarding grants or contracts for intake services shall be provided to those agencies that administer the low-income weatherization or energy crisis intervention programs.
- (16) use up to 5 percent of such funds, at its option, to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors, and report to the Secretary concerning the impact of such activities on the number of households served, the level of direct benefits provided to those households, and the number of households that remain unserved.

## State of Alaska

Certification to the Assurances: As Chief Executive Officer, I agree to comply with the sixteen assurances contained in Title XXVI of the Omnibus Budget Reconciliation Act of 1981, as amended. By signing these assurances, I also agree to abide by the standard assurances on lobbying, debarment and suspension, and a drug-free workplace.

Signature of the Tribal or Board Chairperson or Chief Executive Officer of the State or Territory.\*\*

Signature: \_\_\_\_\_

Title: **William H. Hogan, Commissioner, Department of Health & Social Services**

Date: \_\_\_\_\_

EIN: **926001185**

\*\* If a person other than the Chief Executive Officer of the State or territory, or Tribal Chairperson or Board Chairperson of a tribal organization, is signing the certification to the assurances, a letter must be submitted delegating such authority. (PLEASE ATTACH DELEGATION AUTHORITY.) The delegation must include authority to sign the assurances, not just to administer the program.

In the above assurances which are quoted from the law, "State" means the 50 States, the District of Columbia, an Indian Tribe or Tribal Organization, or a Territory; "title" of the Act refers to Title XXVI of the Omnibus Budget Reconciliation Act of 1981 (OBRA), as amended, the "Low Income Home Energy Assistance Act"; "section" means Section 2605 of OBRA; and, "subsection" refers to Section 2605(b) of OBRA.

Mr. Nick St. Angelo, Director  
Division of Energy Assistance  
Office of Community Services, ACF, HHS  
370 L'Enfant Promenade South West  
Washington, D.C. 20447

Dear Mr. St. Angelo:

I, Sarah Palin, Governor of the state of Alaska, authorize the commissioner of the Department of Health and Social Services to make the certifications required by the Low Income Home Energy Assistance Block Grant under Title XXVI of Public Law 97-35, as amended.

The Department of Health and Social Services is the single state agency responsible for administering the Low Income Home Energy Assistance Program Plan. The legal authority under which the agency administers the plan on a statewide basis is AS 47.05.010.

Sincerely,

A handwritten signature in blue ink that reads "Sarah Palin".

Sarah Palin  
Governor

Use of this model plan is optional. However, the information requested is required in order to receive a Low Income Home Energy Assistance Program (LIHEAP) grant in years in which the grantee is not permitted to file an abbreviated plan. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**The household must submit a completed application which is postmarked or received by the Division of Public Assistance before May 1 or on or after September 1 of each year.**

**The dwelling for which heating assistance is requested is located in the state, and at least one member of the household is physically present in the state at the time of application for, and receipt of, heating assistance; and the household**

**(1) physically resides in the dwelling for which heating**

## State of Alaska

assistance is requested; or

- (2) is seeking heating assistance to help with the natural gas or electric utility deposit necessary to move into rental housing in the state;

At least one member of the household must be a United States citizen or a qualified alien.

The household's annual unsubsidized home heating costs must exceed \$200.

A household is **NOT ELIGIBLE** to participate in the heating assistance program if, at the time of eligibility determination, the household:

- (1) is eligible for or has received LIHEAP benefits from an Indian tribal organization;
- (2) resides in a crisis center, hotel, motel, tent, or other shelter normally intended for temporary occupancy, and has resided there for less than 60 consecutive days before the date of signature on the completed application;
- (3) resides in a hospital, nursing home, state pioneer home, or other public or private institution to receive treatment for a mental or physical illness, student dormitory, correctional facility, or on a military base; or
- (4) resides in subsidized rental housing and has no direct home heating costs.

Must the household have received a shut-off notice or have an empty tank? X —

Must the household have exhausted regular benefit? — X

Must the household have received a rent eviction notice? X —

Must heating/cooling be medically necessary? — X

Other (Please explain): X —

**A household may receive benefits under either regular heating or crisis**

## State of Alaska

**expedited assistance, but not both.**

What constitutes a crisis (please describe)?

**A household may receive expedited crisis assistance if:**

- (1) the applicant has requested expedited service;**
- (2) the household's gross monthly income is less than the household's shelter costs;**
- (3) the applicant has suffered, or will suffer within 48 hours, termination of fuel or home heating-related utility services; and**
- (4) the division has verified the application.**

**A household may fax or mail an application to the Heating Assistance Program directly or through a third party (such as a fee agent, senior center, vendor, etc.) to request expedited assistance. The caseworker telephones the vendor to determine the amount needed to resolve the crisis. If the crisis grant amount will cover the amount the caseworker immediately authorizes the amount needed to resolve the situation. If the amount will not cover the bill, the caseworker negotiates with the vendor on behalf of the applicant, or counsels the applicant, to help them find a way to cover the remaining balance.**

2605(c)(1)(A) Do you have additional eligibility requirements for WEATHERIZATION?

(eligibility) Do you use: Yes No

Assets test?        **X**

Priority groups? (Please list) **X**       

**Elderly (age 60+)**

**Disabled (Person with a physical or mental impairment, which limits one or more major life activity, as determined by eligibility for: Social Security disability insurance, Supplemental Security Income (SSI), State of Alaska Interim Assistance and/or Veterans disability benefits.)**

**Children under age 6**

Are you using Department of Energy (DOE) Low Income Weatherization Assistance Program (LIWA)) rules to

## State of Alaska

establish priority eligibility for households with certain characteristics?

  X       

If yes, are there exceptions?  
Please list below.

  X       

**The Alaska Weatherization Assistance Program (AKWAP) is divided into two parts. For road connected areas of the state, the federal weatherization guidelines are followed, with the exception of not having a per unit limit on non-federal funds. The average cost per dwelling is about \$7,000.**

**For non-road connected areas of Alaska, the logistics and freight costs of getting materials and labor to a remote village make using some of the federal guidelines impractical. The Residential Energy Rehabilitation Program uses the same eligibility criteria as the AKWAP, and many of the same types of measures, but offers more extensive energy rehabilitation to each dwelling. The average cost per unit is \$20,000. All eligible units in that village are served, and the village will not be served again in the foreseeable future.**

2605(b)(3)  
2604(c)(3)(A)  
  
(outreach)

Please check the outreach activities that you conduct that are designed to assure that eligible households are made aware of all LIHEAP assistance available:

- X   provide intake service through home visits or by telephone for the physically infirm (i.e. elderly or disabled).
- X   place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA, etc.
- X   publish articles in local newspapers or broadcast media announcements.
- X   include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance.
- X   make mass mailing to past recipients of LIHEAP.
- X   inform low income applicants of the availability of all types of LIHEAP assistance at application intake for other low-income programs.
- X   utilize early application period at the beginning of the program for the elderly or disabled.

## State of Alaska

\_\_\_\_\_ execute interagency agreements with other low-income program offices to perform outreach to target groups.

**X** other (Please specify):

**The Division of Public Assistance has four regional offices and seventeen district offices. All of these offices are supplied with Heating Assistance applications and other information relative to the program.**

**Fee agents, located in most villages, conduct outreach activities, assist individuals in completing applications, verify information, obtain necessary documentation, and send applications to the Juneau HAP office.**

**A toll-free number to the HAP central office has been made available to fee agents and vendors so that they may assist clients with questions.**

**Some Tribal organizations, that do not operate a LIHEAP program in their area, use their social services offices to assist HAP applicants (particularly non-English-speaking persons).**

**Home energy suppliers are furnished with applications and posters, and actively refer clients.**

**The state coordinates outreach and eligibility determinations between the heating, crisis and weatherization components to target households with members who are elderly, disabled or under 6 years of age.**

2605(b)(4) Please describe how you will assure that LIHEAP is coordinated with similar and related programs. The description provided applies to all components unless specifically noted.

(coordination) **The State provides Heating Assistance Program posters and application forms to Women, Infant and Children (WIC) nutrition clinics and Head Start Programs to facilitate application by households with young children.**

**Outreach materials are cooperatively distributed by the Alaska Commission on Aging grantees, senior citizen housing complexes, the Division of Vocational Rehabilitation, Alliances for the Mentally Ill and other related agencies serving people who are elderly or disabled.**

**Employment offices, food banks, women's shelters and other agencies serving low-income people are furnished with and distribute heating**

## State of Alaska

assistance application forms.

**Subgrantees of the Alaska Housing Finance Corporation (AHFC), which administers the low income weatherization program, are supplied with HAP outreach materials to promote heating assistance to weatherization clients.**

**The HAP includes information on the availability of weatherization services in its mass mailing of heating assistance applications.**

**The HAP and the Department of Community and Economic Development (DCED) Bulk Fuel Loan Program coordinate their efforts to assist small villages with economic difficulties in purchasing home heating fuel. The DCED assists the village in acquiring a bulk fuel loan which allows lower local heating fuel prices, while the HAP expedites heating assistance applications from village households.**

**Electric utilities eligible for the power cost equalization subsidy are required to cooperate with AHFC to implement cost-effective energy conservation measures such as weatherization and other insulating methods.**

**The Alaska Housing Finance Corporation (AHFC) provides data to the Heating Assistance Program to identify participants in publicly subsidized rental housing. The data indicates if the participant has direct heating costs, and if so, the amount of the heating allowance.**

2605(b)(5)  
2605(b)(2)  
2605(b)(8A)

(benefit  
levels)

The statute requires that there be no difference in the treatment of households eligible because of their income and those eligible because they receive benefits under TANF, Food Stamps, SSI, or certain means-tested veterans programs ("categorically eligible"). How do you ensure there is no difference when determining eligibility and benefit amounts? This applies to all components unless specifically noted below.

**The Heating Assistance Program does not use categorical eligibility. All households must complete an application, meet the income guidelines and demonstrate that they have home heating expenses.**

**Income from public assistance, Social Security and Veteran's benefits are considered countable income and are included in the calculation of benefit amounts.**

**Weatherization benefits are based on the dwelling energy assessment. This assessment does not differentiate between categorical and non-categorical households.**

## State of Alaska

2605(b)(5) Heating Component

(determination of benefits) Please check the variables you use to determine your benefit levels:

- X income
- X family (household) size
- X home energy cost
- X fuel type
- X climate/region
- X individual bill (if residing in subsidized rental housing)
- X dwelling type
- X energy burden (**estimated** % of income spent on home energy)
- X energy need
- X other (describe)

**Modeled space home heating cost.**

**Proportionate share of home heating expenses for multiple households living in a single residence.**

2605(b)(5)  
2605(c)(1)(B)

(benefit levels)

Describe how you will assure that the highest benefits go to households with the lowest incomes and the highest energy costs or needs in relation to income, taking into account family size. Please describe benefit levels or attach a copy of your payment matrix.

**Benefit amounts are based upon community specific heating cost points for a “typical” home. The points were determined using the AHFC’s “AKWarm” energy modeling software, which incorporates Alaska specific data for weather, fuel and utility costs. The modeled community heating cost points are adjusted for dwelling type, and then adjusted for income, expressed as a percentage of the Alaska poverty level. An additional point is added if the household includes a priority group member. The final point total is multiplied by \$220. A complete description of Alaska’s benefit calculation begins on the following page.**

**The amount of a subsidized rental housing utility deposit is the minimum amount required to establish natural gas and/or electric service, up to a maximum of \$500.**

Do you provide in-kind (e.g., blankets, space heaters) and/or other forms of benefits?

   Yes X No If yes, please describe.

# Heating Assistance Benefit Computation

## **Step 1 – Community fuel points**

The division has assigned heating cost points to each community in the state, based upon the community's annual fuel cost and climatic conditions. These points are listed in Appendix A.

- If the household uses natural gas and another fuel type for heat, the division will use the community heating cost points for natural gas.
- If the household uses self-harvested wood or coal for heat, the division will use the community heating cost points for oil multiplied by 0.5.
- If the household uses purchased wood or coal for heat, the division will use the community heating cost points for oil multiplied by 0.8.

## **Step 2 – Dwelling type**

The division will multiply the community heating cost points by the first one of the following factors that describes the household's dwelling. If more than one factor applies, the division will use the factor listed first:

- (1) the factor of 1.4 if the household resides in a mobile home with heated living space of 980 square feet or more;
- (2) the factor of 0.4 if the household resides in a travel trailer or mobile home less than 35 feet in length, or in an RV, tent or pickup camper;
- (3) the factor of 0.15 if the household resides in a one-room dwelling such as a studio apartment, hotel or boarding home;
- (4) the factor of 0.35 if the household resides on a boat;
- (5) the factor of 0.55 if the household resides in a one-bedroom dwelling, or a one-room house or cabin without bedrooms;
- (6) the factor of 1.3 if the household resides in a three-or-more-bedroom single family, duplex or triplex home;
- (7) the factor of 0.7 if the household resides in a two-bedroom unit in an apartment building of four or more attached units.

If the household resides in a single residence with one or more other households, the heating cost points are reduced to the household's proportionate share of the home heating expenses.

## **Step 3 – Household size and income**

The division reviews and verifies each household's gross income for the month prior to application. Verification may be provided through: documentary evidence (wage stub, award letter, etc.); Division of Public Assistance and Department of Labor records; or impartial third parties such as fee agents, village council representatives, or social service agencies.

The division will assign each household the following percentage of heating cost points based upon the household's gross monthly income and family size, expressed as a percentage of the Alaska poverty level. The Alaska poverty level figures are included in Appendix B.

- 100 percent of points if the household's gross monthly income is no more than 25 percent of the Alaska poverty level;

## State of Alaska

- 90 percent of points if the household's gross monthly income is more than 25 percent but no more than 50 percent of the Alaska poverty level;
- 80 percent of points if the household's gross monthly income is more than 50 percent but no more than 75 percent of the Alaska poverty level;
- 70 percent of points if the household's gross monthly income is more than 75 percent but no more than 100 percent of the Alaska poverty level;
- 60 percent of points if the household's gross monthly income is more than 100 percent but no more than 125 percent of the Alaska poverty level;
- 50 percent of points if the household's gross monthly income is more than 125 percent of the Alaska poverty level but no more than the maximum allowable.

If the household's gross monthly income exceeds the maximum allowable poverty level the household is not eligible.

### **Step 4 – Priority groups**

The division will add one point to the income adjusted heating cost points if the household includes one or more members 60 years of age or older, legally disabled, or under six years of age.

### **Step 5 – Heating points of 2.0 or more**

Households must have heating cost points of 2.0 or more to be eligible for heating assistance.

### **Step 6 – Round points**

The division will round the final total heating cost points to the nearest whole number. The total heating cost points may not exceed 35 points.

### **Step 7 – Multiply by the benefit rate to determine household benefit**

The division will multiply by the FY 2009 benefit rate of **\$220** to determine the amount of the household's heating assistance.

The amount of heating assistance may be reduced by the amount of the unpaid balance that the household owes the division for previously awarded heating assistance to which the household was not entitled. The division will use this method of recoupment of overpayments only if the household has not responded to the division's request for repayment or the household defaults on its repayment agreement.

The following examples illustrate how a household's heating assistance benefit is determined.

<b>Example 1</b>			<b>Benefit calculation:</b>
Step 1.	Community, Fuel	Anchorage, N Gas	5 points
Step 2.	Dwelling	3 bedroom house	5 points x 1.3 = 6.5 points
Step 3.	Household Size, Income	4, \$2,150	101-125% of poverty =

## State of Alaska

			60%
			6.5 points x 0.6 = 3.9 points
Step 4.	Household includes elderly, disabled or child under age 6	No	N/A
Step 5.	Heating points of 2.0 or more	Yes	3.9 points
Step 6.	Round points		Rounded = 4 points
Step 7.	Multiply by benefit rate		4 points x \$220 = <b>\$880</b>
<b>Example 2</b>			<b>Benefit calculation:</b>
Step 1.	Community, Fuel	Fairbanks, Oil	10 points
Step 2.	Dwelling	2 bedrm, 4+unit bldg	10 points x 0.7 = 7 points
Step 3.	Household Size, Income	2, \$1,685	126-150% of poverty = 50%
			7 points x 0.5 = 3.5 points
Step 4.	Household includes elderly, disabled or child under age 6	Yes	3.5 points + 1 = 4.5 points
Step 5.	Heating points of 2.0 or more	Yes	4.5 points
Step 6.	Round points		Rounded = 5 points
Step 7.	Multiply by benefit rate		5 points x \$220 = <b>\$1,100</b>
<b>Example 3</b>			<b>Benefit calculation:</b>
Step 1.	Community, Fuel	Savoonga, Oil	27 points
Step 2.	Dwelling	2 bedroom house	No adjustment
Step 3.	Household Size, Income	5, \$2,300	76-100% of poverty = 70%
			27 points x 0.7 = 18.9 points
Step 4.	Household includes elderly, disabled or child under age 6	Yes	18.9 points + 1 = 19.9 points
Step 5.	Heating points of 2.0 or more	Yes	19.9 points
Step 6.	Round points		Rounded = 20 points
Step 7.	Multiply by benefit rate		20 points x \$220 = <b>\$4,400</b>
<b>Example 4</b>			<b>Benefit calculation:</b>
Step 1.	Community, Fuel	Anchorage, N Gas	5 points
Step 2.	Dwelling	Studio apartment	5 points x 0.15 = 0.75 points
Step 3.	Household Size, Income	1, \$1,250	126-150% of poverty = 50%
			.75 points x 0.5 = 0.375 points
Step 4.	Household includes elderly, disabled or child under age 6	No	N/A
Step 5.	Heating points of 2.0 or more	No	0.375 points
Step 6.	Round points		N/A
Step 7.	Multiply by benefit rate		Ineligible

## State of Alaska

2605(b)(5) CRISIS COMPONENT  
2605(c)(1)(B)

How do you handle crisis situations?

(benefit  
determination)   X   separate component           other (please explain)

If you have a separate component, how do you determine crisis assistance benefits?

       Amount to resolve crisis, up to maximum

  X   other (please describe)

**Crisis assistance benefits are expedited heating benefits. The benefit amounts are computed in the same manner as heating benefits.**

(benefit  
levels) Please indicate maximum benefit for each type of crisis assistance offered.

  X   heating      \$2,975   maximum benefit

       cooling           maximum benefit

       year-round           maximum benefit

Do you provide in-kind (e.g. blankets, space heaters, fans) and/or other forms of benefits?

       Yes   X   No If yes, please describe.

2605(b)(5) WEATHERIZATION &  
2605(c)(1) OTHER ENERGY RELATED HOME REPAIR AND IMPROVEMENTS  
(B) & (D)

What LIHEAP weatherization services/materials do you provide? (Check all categories that apply.)

  X   Weatherization needs assessments/audits

  X   Caulking, insulation, storm windows, etc.

  X   Furnace/heating system modifications/repairs

  X   Furnace replacement

       Cooling efficiency mods/repairs/replacement

  X   Other (Please describe)

**installation, replacement, and repair of windows, exterior doors, roofs, exterior walls and floors; installation, replacement, or repair of smoke/fire alarms; and post weatherization audits of homes that were weatherized.**

## State of Alaska

Do you have a maximum LIHEAP weatherization benefit/expenditure per household?   X   no

If yes, what is the maximum amount? \$\_\_\_\_\_

Under what rules do you administer LIHEAP weatherization? (Check only one.)

\_\_\_\_\_ Entirely under LIHEAP (not DOE) rules

\_\_\_\_\_ Entirely under DOE LIWAP rules

\_\_\_\_\_ Mostly under LIHEAP rules with the following DOE LIWAP rule(s) where LIHEAP and LIWAP Rules differ (Check all that apply):

\_\_\_\_\_ Weatherize buildings if at least 66% of units (50% in 2- & 4-unit buildings) are eligible units or will become eligible within 180 days

\_\_\_\_\_ Weatherize shelters temporarily housing primarily low income persons (excluding nursing homes, prisons, and similar institutional care facilities).

\_\_\_\_\_ Other (Please describe)

  X   Mostly under DOE LIWAP rules, with the following LIHEAP rule(s) where LIHEAP and LIWAP rules differ (Check all that apply.)

  X   Weatherization not subject to DOE LIWAP maximum statewide average cost per dwelling unit.

\_\_\_\_\_ Other (Please describe.)

2605(b)(6) Have you changed local administering agencies from last year?

\_\_\_\_\_ Yes   X   No

If yes, please describe how you selected them. What components are affected by the change?

(agency designation)

2605(c)(1)(E)

Please describe any additional steps (other than those described elsewhere in this plan) that will be taken to target assistance to households with high home energy burdens. **(This applies to all components. If all steps to target households with high home energy burdens are described elsewhere in the plan, no further information is required here.)**

2605(b)(7)

Do you make payments directly to home energy suppliers?

(energy suppliers)

Heating   X   yes \_\_\_\_\_ No

Crisis   X   yes \_\_\_\_\_ No

## State of Alaska

If yes, are there exceptions?   X   Yes        No If yes, please describe.

**Applicants are paid directly if:**

- (1) the household pays rent and pays home heating and electricity costs indirectly through rental payments, or**
- (2) the vendor has not executed a Heating Assistance Program agreement.**

**A portion of the grant may be paid to the home energy supplier and the remainder to the applicant if the household pays home heating costs indirectly through rental payments but pays directly for home electricity.**

2605(b)(7)(A) If you make payments directly to home energy suppliers, how do you notify the client of the amount of assistance paid? (please describe)

**At eligibility determination, the heating assistance computer system (HAS) generates two Notices of Action: one goes to the household explaining the amount of heating assistance and the distribution of benefits amongst their vendors; the other goes to the vendor listing the client's name, address, account number and grant amount.**

2605(b)(7)  
(B) - (D) **New vendors, or vendors with past performance problems, are paid only upon submission of delivery invoices (line-of-credit vendors). Notice of Actions for clients using line-of-credit vendors are generated both at the time of eligibility determination, and when the entire grant has been exhausted.**

How do you make sure the home energy supplier performs what is required in this assurance? If vendor agreements are used, they may be attached. Indicate each component for which this description applies.

**All vendors wishing to receive heating or crisis assistance payments on behalf of their eligible customers are required to sign a Vendor Heating Assistance Agreement with the State of Alaska, Department of Health and Social Services (see Appendix D). This agreement prohibits discrimination against HAP clients.**

**Vendors paid in advance must confirm that the payment was received and credited to the eligible household's account.**

## State of Alaska

**Line of credit vendors must supply the fuel by June 30. To receive payment they must submit the invoices by July 15. The HAP issues a state warrant to the household for the balance of any HAP credit remaining after the July 15 deadline.**

**Each program year the HAP surveys 400 randomly selected households. The survey seeks input on proper HAP credit by vendors and any difficulties in the use of HAP credit.**

Is there any difference in the way owners and renters are treated?  
If yes, please describe.

2605(b)(8)(B)

HEATING ASSISTANCE:

(owners  
and  
renters)

  X   yes         no

**All households must show that they pay for home heating needs either directly, or indirectly through rent. Renters that have no direct home heating costs must provide a copy of a rent receipt or rental agreement to show that they pay rent. Households that reside in subsidized rental housing and have no direct home heating costs are not eligible.**

CRISIS ASSISTANCE:

  X   yes         no

**Renters with no direct heating expenses must provide a copy of their eviction notice to be considered for expedited assistance.**

WEATHERIZATION:

  X   yes         no

**All renters must have written permission of the landlord to perform weatherization work on the premises. A landlord-tenant agreement provides for rent stabilization and other tenant protections for at least 18 months after initial application. Landlords contribute 50 percent of the cost of labor and materials when the cost exceeds \$1,200 per unit for four plexes and under, \$750 per unit for five plexes and above.**

2605(b)(10)

How do you ensure good fiscal accounting and tracking of LIHEAP funds? (Please describe. Include a description of how you monitor fiscal

## State of Alaska

activities.)

(program,  
fiscal  
monitoring,  
and audit)

**Fiscal control and fund accounting procedures are provided by the State to assure proper disbursement of and accounting for federal funds. All expenditures are coded and tracked through the Alaska State Accounting System (AKSAS).**

**Case specific heating and crisis expenditures are tracked and reported by the HAS software. HAP staff compare this expenditure data with AKSAS on a monthly basis to ensure that the systems are consistent. Total expenditures by LIHEAP components and fiscal years are also summarized and tracked on spreadsheets by the Division of Administrative Services and by HAP staff.**

**The required annual financial and compliance audit of all LIHEAP funds is conducted by the Legislative Affairs Agency - Audit Division, in accordance with generally accepted accounting principles and requirements of the "Single Audit Act of 1984" (P.L. 98-502).**

#### **WEATHERIZATION**

**The Alaska Housing Finance Corporation (AHFC) observes all established State accounting procedures, and is subject to the financial and compliance audits conducted by the Legislative Affairs Agency. AHFC requires each subgrantee to have an annual audit which is submitted to AHFC.**

How do you monitor program activities? (Please be sure to include a description of how you monitor eligibility and benefit determination.)

**Ongoing review of at least 5% of heating assistance cases by the HAP caseworker supervisor ensures quality control in the eligibility and benefit determination process.**

**Maintenance of program records, case files, and financial transaction documentation by the State provides a clear monitoring and audit trail.**

**The AHFC oversight of weatherization expenditures by its subgrantees includes:**

**Annual monitoring of each subgrantee's procedures;**

**On-site monitoring of at least 10% of completed dwelling units;**

## State of Alaska

**Monitoring of at least 15% of subgrantee client files for accuracy, completeness and required forms;**

- 2605(b)(12) How is your LIHEAP program audited?  
Under the Single Audit Act? Yes If not, please describe:
- For States and Territories:
- Is there an annual audit of local administering agencies? X Yes \_\_\_ No
- The weatherization subgrantees are audited annually. The state does not use local administering agencies for heating and crisis assistance.**
- (timely and meaningful public participation) How did you get timely and meaningful public participation in the Development of the plan (please describe)?
- The public is provided opportunity for participation in the development of the plan through public hearing. The State publishes notices in major newspapers to solicit comments from the public and concerned agencies. Free copies of the draft plan are made available upon request. At least thirty days is provided for comment prior to any action regarding the plan.**
- At the close of the comment period the LIHEAP Policy Advisory Committee meets to review the input resulting from the public hearing. The Committee represents low income citizens, home energy suppliers, the Regulatory Commission of Alaska, the Rural Alaska Community Action Program, and concerned agencies. Due consideration is given to public comment.**
- 2605(a)(2) Did you conduct public hearings on the proposed use and distribution of your LIHEAP funds? X yes \_\_\_ no When and where?
- (public hearings) **The Department of Health and Social Services held a statewide public hearing to solicit comment on the proposed use and distribution of FY 2009 LIHEAP block grant funds from August 15, 2008 through September 15, 2008.**
- 2605(b)(13) Describe your fair hearing procedures for households whose applications are denied or not acted on in a timely manner. When are applicants informed of these rights?
- (fair hearings) **Fair Hearings are described in Appendix C.**
- 2605(b)(15) Does the State agency that administers the following LIHEAP component

## State of Alaska

also administer the State's welfare program?

## HEATING ASSISTANCE

  X   Yes      No

If yes, describe alternate process for outreach and intake:

**An applicant need not visit a welfare office to obtain benefits. The vast majority of LIHEAP clients mail their applications to the state office without ever visiting a public assistance office.**

**At the beginning of each program year a mass mailing is made to all the prior year recipients. This year's mailing also included recipients of Adult Public Assistance and Senior Benefits.**

**Applications are mailed to all of the senior centers in the state where they are made available to all who are interested. In addition, applications are delivered to home bound elderly, and assistance is provided to those needing help in completing the application form.**

(alternate  
outreach  
and intake)

**Heating Assistance Program brochures are mailed to recipients of the Food Stamp Program, Alaska Temporary Assistance Program (ATAP) and the Supplemental Security Income (SSI) and Adult Public Assistance (APA) Programs.**

**A display advertisement is published in the Senior Voice newspaper during the months of October, November, January and March. This is a statewide newspaper which specifically targets the elderly. The advertisement includes information about obtaining an application form.**

**Interested applicants may call their local Public Assistance office to request that a Heating Assistance Program application be mailed to them. Once the application is completed it can be mailed directly to the state office in Juneau.**

**The State contracts with fee agents in 250 villages in Alaska, with populations ranging from 60 to 500 people, to provide applications and assist clients in completing them. Fee agents are commissioned agents of the State and are paid based on the number of client applications completed. They provide personalized service to all interested applicants in their village(s).**

**A statewide toll-free 24-hour telephone hotline provides information on all Division of Public Assistance programs, including heating assistance. This interactive voice response system provides**

## State of Alaska

**general program information, information on expedited crisis assistance, and the current status of a household's application and grant payment(s).**

**The Heating Assistance Program office can be reached toll-free within Alaska by calling 1-800-470-3058.**

**Heating Assistance Program information and application forms are available under Energy Services on the State of Alaska web page at: <http://www.hss.state.ak.us/dpa/heat>**

## CRISIS ASSISTANCE

  X   Yes             No

If yes, describe alternate process for outreach and intake:

**Households seeking expedited assistance in crisis situations fax or mail their completed application to the Heating Assistance Program in Juneau. Expedite caseworkers review and take action to resolve the energy crisis within 48 hours if the household is eligible for assistance, or within 18 hours if the household is in a life threatening situation.**

**An elderly or disabled applicant who is unable to leave their residence to submit an application for crisis benefits may:**

- (1) have their application form picked up and faxed for them by a friend, relative, senior center representative, fee agent, charitable organization, etc., or**
- (2) relay the application information to HAP staff by telephone. Expedite caseworkers will proceed with action to resolve the heating emergency for eligible applicants and will mail the application form to the applicant for signature.**

**Alternate processes listed for heating benefits are also applicable for crisis benefits.**

2605(b)(16)

Do you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance? (This assurance refers to activities such as needs assessments, counseling, and assistance with energy vendors.)

  X   yes             no

## State of Alaska

If yes, how do you ensure that you don't use more than 5% of your LIHEAP funds - statutory ceiling - for these activities?

**The Heating Assistance Program uses financial coding to track LIHEAP funds used to encourage and enable households to reduce their home energy needs. Expenses charged to this code are monitored by the program coordinator to ensure that the state does not use more than 5 percent.**

2607A

Please describe leveraging activities planned for the fiscal year. Complete this entry if you plan to apply for LIHEAP leveraging incentive funds and to include in your leveraging report resources/benefits provided to low income households this fiscal year under criterion (iii) in 45 CFR 96.87(d)(2). Provide the following information for each:

1. Identify and describe each resource/benefit;
2. Identify the source(s) of each resource: and
3. Describe the integration/coordination of each resource/benefit with the LIHEAP program, consistent with one or more of conditions A-H in 45 CFR 96.87(d)(2)(iii)

## **Power Cost Equalization (PCE) Program**

### **Description of resource/benefit**

**The goal of the PCE program is to reduce the cost of power to customers in rural parts of Alaska that rely on high cost diesel fuel for most of their electric power generation. To receive a power cost equalization payment, a customer of an eligible electric utility:**

- (1) must be billed by the utility in accordance with the relevant tariff, rate structure, separate demand charge, or minimum charge;**
- (2) must make timely payments to the utility, for the electric power purchased, at least annually or on an appropriate schedule throughout the year; and**
- (3) must pay the base amount, plus the difference between the utility rate and the amount of the power cost equalization, for each kilowatt-hour consumed.**

**The PCE rate is determined by the Regulatory Commission of Alaska. Utilities then submit monthly reports to the Division of**

## State of Alaska

Energy that documents eligible power sold. The Division of Energy calculates the amount of PCE on a monthly basis and issues payment to the utility that flows through to the customer in the form of a reduced monthly electric bill.

Through its subsidy of residential utility bills, the PCE program substantially increases the portion of heating assistance benefits available for the purchase of home heating fuel. Without PCE assistance, low income rural households would have insufficient financial resources to purchase heating fuel and maintain the electric service necessary to run their heating systems.

### Source of resource

The State Legislature appropriates state funds for the PCE program each year.

### Integration/coordination of the resource with the LIHEAP program

The PCE, Heating Assistance and Weatherization programs formally recognize their coordinated efforts in addressing the home energy needs of low income Alaskans through a written memorandum of agreement as described in the Leveraging Incentive Program condition F (45 CFR 96.87(d)(2)(iii)(F)).

The coordination responsibilities of the parties include:

Preparation of an annual low-income integrated service report which includes the number of households, by PCE participating community, receiving state or tribal LIHEAP heating or weatherization assistance; the estimated percentage of PCE utility customers receiving heating or weatherization assistance; and the percentage of households ineligible for PCE due to bill non-payment.

Additional Heating Assistance Program outreach efforts to target households not eligible for PCE due to bill non-payment, including dissemination of such information to LIHEAP tribal providers.

Additional outreach efforts through the weatherization service providers to target households ineligible for PCE due to bill non-payment, in villages selected for weatherization work.

Consumer education through weatherization providers to households ineligible for PCE due to non-payment, when weatherization crews are working in the village where the non-payment occurred. If there is a high incidence of non-payment in the village, technical assistance will be offered to the utility to help

## State of Alaska

**determine the cause of the non-payment.**

**Work with utilities receiving PCE to enhance energy conservation in villages where weatherization work is performed .**

**Weatherization crews could install utility provided conservation materials, diagnose high bill complaints or other conservation measures to be negotiated.**

**An annual report by the PCE program of the communities and utilities participating in the program, the number of residential customers served, the average monthly eligible kilowatt-hour per customer for each utility, the PCE rate per utility, and the number of months the utility participated in the PCE program (if less than twelve).**

**An annual list of the number of eligible households by utility and community made non-eligible for PCE due to 12 months of non-payment.**

\* Leveraged resources/benefits that are counted under criterion (iii) in 45 CFR 96.87(d)(2) must be identified and described in the grantee's LIHEAP plan and distributed as indicated in the plan.

## State of Alaska

### APPENDIX C

#### FAIR HEARING PROCEDURES

To help inform applicants of their rights, the Heating Assistance Program (HAP) income guidelines, hearing procedures, and civil rights information is printed on each application. General eligibility criteria is printed on outreach materials.

The State will provide the opportunity for an administrative hearing to any household whose application is not acted upon within 45 days of receipt in the HAP central office.

Clients are informed of any action taken on their case by a Notice of Action. This notice includes an explanation of the right to a fair hearing.

An applicant who disagrees with any action which reduces, suspends, denies, or terminates benefits may request a fair hearing within 30 days of the date of the notice. However, year to year program changes affecting all applicants are not subject to these hearings.

A request for a fair hearing may be submitted in writing, by telephone, or in person by a member of the household or its representative to any office of the Division of Public Assistance. Upon receipt of the request the Division will conduct a review of the case. If an error occurred, the action is corrected and the household is notified in writing. If no error is apparent, the Division will send the household a letter explaining the information used to determine the household's eligibility and how the program rules were applied. The household is instructed to contact the Division to pursue a fair hearing request if they believe an error was made on their case. They are further advised that if they do not contact the Division, the Division will conclude that the fair hearing request has been withdrawn.

A household may wish to have a pre-hearing conference between a representative of the Division and the household and/or its representative. Misunderstandings about program rules and criteria may be resolved through discussion at the conference and may make the hearing unnecessary.

Pre-hearing conferences and fair hearings may be held by telephone. The household has the right to do all the following before and during the hearing:

- (1) Examine all documents and records that will be used at the hearing including the manuals or manual sections relied on by the Division in taking the contested action.
- (2) Present the case personally or be represented by an attorney, paralegal, friend, or any person who may be helpful in the presentation of the case.
- (3) Bring witnesses.
- (4) Advance arguments without undue interference.
- (5) Question or refute any testimony or evidence, including an opportunity to confront and cross examine adverse witnesses.
- (6) Submit evidence to establish all pertinent facts and circumstances in the case.

The Division will hold the hearing, make a decision, notify the household, and implement the decision within 90 days of the request for the hearing.

**State of Alaska****WEATHERIZATION FAIR HEARING PROCESS**Appeal of Ineligibility

1. A Subgrantee shall identify in a determination letter to an ineligible client the reason(s) for ineligibility. If a reason is for lack of sufficient information or documentation, the Subgrantee shall identify what is required for reconsideration.
2. The letter shall identify that an appeal of the decision can be made and must go first to the head of the Subgrantee's weatherization program.
3. The appeal process for ineligibility is as follows:

Level 1

- a. The applicant must notify the Subgrantee that an appeal is made and supply any information noted in the ineligibility letter;
- b. The Subgrantee weatherization head reviews the appeal;
- c. The Subgrantee weatherization head will make a decision on the appeal and notify the client. If the decision is that the client is still ineligible, the Subgrantee shall inform the client that the client can request the Subgrantee submit a further appeal to the State.

Level 2

- d. If the client has requested the Subgrantee appeal to the State, the Subgrantee shall submit the client file to the State weatherization program manager;
- e. The State weatherization program manager will review the file and give a copy of the file to the State project director, along with a recommendation;
- f. The State project director will make a final decision on the eligibility status and notify the client and the Subgrantee.

**State of Alaska****APPENDIX D**

**State of Alaska  
Department of Health and Social Services  
Heating Assistance Program  
Vendor Agreement**

**PARTIES**

- a. State of Alaska, Department of Health and Social Services, Division of Public Assistance, hereinafter called DPA, and
- b. \_\_\_\_\_ hereinafter called the Vendor.  
(Name of Home Heating Supplier)

**PURPOSE OF AGREEMENT**

The purpose of this agreement is to provide for the payment of home heating costs on behalf of low-income households eligible for the Heating Assistance Program (HAP). To accomplish this the parties agree to the following terms and conditions.

**DPA CONDITIONS**

1. Upon certification of an eligible household, DPA shall send a written Notice of Action to the Vendor and the household. The notice will state the amount of heating assistance available to the household, and how the assistance is to be distributed among its vendors.
2. DPA shall then make a cash advance payment equal to the amount of heating assistance assigned to the Vendor on the household's behalf.
3. DPA will make heating assistance payments only for home heating products (i.e. fuel oil, electricity, natural gas, propane, wood, coal, and in some cases gasoline when used only to harvest and gather wood). Incidental charges necessary for use and delivery of home heating may be paid from an eligible household's heating assistance benefits (i.e. charges for reconnection of service, late payment, delivery, deposits or memberships).

**VENDOR CONDITIONS**

1. The Vendor will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment received from the Heating Assistance Program. If payment covers only a portion of the balance due, it must be applied to the oldest part of the bill.
2. The Vendor agrees that no household receiving heating assistance will be treated adversely because of such assistance under applicable provision of the State law or public regulatory requirements.

**State of Alaska**

3. The Vendor agrees not to discriminate, either in cost of goods supplied or the services provided, against the household on whose behalf payments are made. Information about grantees and their benefits are to be confidential.
4. The Vendor will, after receipt of the written notice of a household's eligibility and upon the household's request, provide home heating fuel to the eligible household (unless such action violates established company policy). To speed up Vendor notification of a household's eligibility and the delivery of service in emergency situations, Vendors may be advised by telephone by an authorized DPA representative of a household's eligibility.
5. Vendors receiving cash advances from HAP on behalf of eligible households for overdue or future home heating bills must promptly provide verification to HAP that the payments were received and credited to the household's account. This may be accomplished by either a signed statement citing the name, date and the amount credited to the household's account, or by submitting a copy of the household's bill which shows the credited HAP payment. Once confirmation of payment is received by HAP, no further verification of the use of HAP credit is required (except as required by conditions 7 and 8 below).
6. Vendors receiving cash advances on behalf of eligible households must apply such payments only to the home energy portion of the household's account. **Vendors must list the credited HAP payment on the household's bill, invoice or statement.** Payments may be used only for approved home heating products for the eligible households own use (DPA Condition No. 3) and not for any other non-heating related charges.
7. If a household with a prepaid HAP credit balance chooses to close its service account with the Vendor, the remaining credit must be refunded directly to the household or the DPA. HAP must be notified promptly of refunds made to a household by a statement containing the household's name, amount of the refund, and the date. If the Vendor elects to make the refund to DPA, the check payable to the State of Alaska should be sent to HAP referencing the customer's name. NOTE: Vendor's are not obligated to refund HAP credit upon request of the household unless the household is closing its service account, (i.e. moving or changing home heating vendors).
8. If a household with a prepaid HAP credit balance dies, the credit balance may be left on the same service account for use by surviving family or household members. If there are no other persons in the household continuing to use the service account, the Vendor must promptly refund the remaining credit to the State. Similarly, if a household moves without leaving a forwarding address, the Vendor must promptly refund remaining credit to the State. If a credit balance goes unused for six months and the Vendor cannot contact the client, the credit balance must be refunded to the state.

### ADDITIONAL CERTIFICATIONS AND REQUIREMENTS

Attached are additional certifications required as follows:

- Lobbying certification, which must be filed by all States and territories. If applicable, Form LLL, which discloses lobbying payments, must be submitted. (TRIBES and tribal organizations are EXEMPT)
- Debarment and suspension certification, which must be filed by all grantees.
- Drug-free workplace requirement certification, which must be filed by all grantees, unless the grantee has filed a statewide certification with the Department of Health and Human Services.
- If you have filed a statewide certification for the drug-free workplace requirement, please check here:   X
- A report on the number and income levels of households applying for and receiving LIHEAP assistance, and on the number of recipient households that have members who are elderly, disabled, or young children.
- Though not a part of this application, the report on funds to be carried over or available for reallocation required by section 2607(a) for the preceding year must be submitted by August 1 of each year. A grant award for the current fiscal year may not be made until it is received.

## State of Alaska

### CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

#### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be

## State of Alaska

used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

*Controlled substance* means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

*Conviction* means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

*Criminal drug statute* means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

*Employee* means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

### Certification Regarding Drug-Free Workplace Requirements

#### Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

**State of Alaska**

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about --

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted --

**State of Alaska**

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

State of Alaska, Department of Health & Social Services

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

## State of Alaska

### CERTIFICATION REGARDING LOBBYING

#### Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

**(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.**

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Certification Regarding  
Debarment, Suspension, Ineligibility and Voluntary Exclusion  
Lower Tier Covered Transactions

This certification is required by the regulations implementing Executive Order 1.2549, Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' responsibilities. The regulations were published as part VII of the May 26, 1988 Federal Register (pages 19160-19211). Copies of the regulations may be obtained by contacting the person to which this proposal is submitted.

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

- (1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by and Federal department or agency.
- (2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation of this proposal.

## INVITATION FOR PUBLIC COMMENT

State of Alaska  
Department of Health & Social Services  
Division of Public Assistance

The Department of Health and Social Services invites the public to comment on the state plan for the proposed use of the 2008-2009 federal Low Income Home Energy Assistance Program (LIHEAP) block grant funds.

This proposed plan describes the procedures used by the Heating Assistance Program. The plan includes the proposed allocation of funds for heating and weatherization assistance, a description of the method for determining eligibility and the amount of the heating assistance benefit, and the proposed benefit rate for the 2008-2009 program.

**To obtain a copy of the proposed LIHEAP plan, write the Heating Assistance Program at the address below, or call (907) 465-3099.**

Any interested person may present written comments on the proposed LIHEAP plan to the Heating Assistance Program, 400 Willoughby Avenue, Suite 301, Juneau, Alaska 99801-1700, fax (907) 465-3319, email [LIHEAP@health.state.ak.us](mailto:LIHEAP@health.state.ak.us). Written comments must be received no later than 4:30 p.m. Monday, September 15, 2008.

If you need a special accommodation in order to comment on the proposed LIHEAP plan, please contact Susan Marshall at (907) 465-3099 by Monday, September 15, 2008, to make necessary arrangements.
